

EXPERIENCE AND INNOVATION  
SINCE 1948

## Who we are

Faro is a historical Italian brand for lighting in the dental sector, with over 700 customers in over 70 countries worldwide.

We work enthusiastically to go beyond the boundaries of research to enable the next generation of professional lighting. The heart of our strategic choices in corporate social responsibility activities and business processes is people's well-being and sustainability to minimize the environmental impact.

## FARO S.p.A.

ASSOLOMBARDA  
Filiera Life Sciences

## Product description

We provide products and "lighting systems" to improve the overall "light experience" because the light is not just sight but life and well-being too. In FARO, we provide cutting-edge technologies considered benchmarks worldwide in our industry. With over 34 patents, we are constantly researching and developing the best technology for doctors' and patients' visual comfort.
