## Digitalizing Life Sciences

**LifeBee - Digitalizing Life Sciences** - supporting Life Science companies on their path towards **digitalization, business excellence and compliance** with Digital Advice and Digital Solutions.

Our key focus is on GxP regulated areas such as: Manufacturing, Quality Assurance, Laboratories, Logistics, Serialization, Project & Portfolio Management, Regulatory Affairs and Pharmacovigilance.

In Consulting, **LifeBee** operates by providing detailed process reviews in the areas of Process Optimization, Digital Innovation, GxP Compliance & Data Integrity and Pharma 4.0 Strategic Plans.

In Digitalization, **LifeBee** provides projects and solutions: Feasibility and Selection, Project Management and the realization and support of Digital Solutions based on market-leading software.

**LifeBee** is the only Italian consulting firm cited consecutively in 2018 and 2019 by Gartner as a “Representative Vendor for Service and Integration – Serialization”.
