ABOUT US

HWG Sababa is a cybersecurity supplier that offers a comprehensive **suite of strategic managed security solutions, services, and consultancy**. It was founded in 2023 through the merger of HWG, one of Italy's primary Security Operations Centers, with Sababa Security, a leading cybersecurity provider specializing in integrated and customized security solutions to protect IT, OT, and IoT environments from cyber threats.

A Made in Italy company, HWG Sababa operates **in over 20 countries globally**, safeguarding the digital infrastructures of enterprises across various sectors, including finance, central banks, energy, utilities, critical infrastructures, automotive, fashion, and telco, providing support across the entire value chain.
