

The Coaching Pros srl

We take care of people
to make organizations evolve

We partner with organizations that wish to evolve, making our skills available for developing single individuals or groups of people.

We have specific services and products dedicated to Leaders and Managers, whether they have proven experience or are newly appointed. We propose differentiated interventions designed to meet the particular needs of our customers through a solution co-creation process that involves all interested parties and uses analytical tools, some of which we have developed.

We deliver development services for Managers and Entrepreneurs to improve their soft skills.

We work on Leadership, Organization, People and Team Management, Strategic Skills and Complexity.

We offer:

- Coaching
- Training
- Mentoring
- Assessment

We deliver our services to Individuals, Groups and Teams, in person or online, in different languages.
