## ***Product description***

### ***Who we are***

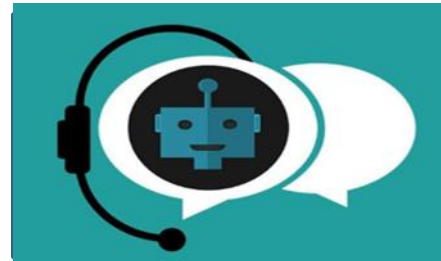

We are an international HR-TECH Company: we are a team with +30 years experience in HR and Operations.

### ***What we do:***

We mix a digital platform with human DNA. We enhance people engagement and improve business performance by facilitating internal team processes and reducing repetitive tasks and miscommunication by up to 50%. We are now present in more than 50 countries and we can rely on the experience of specialised international consultants.

### ***Contacts***

[info@wexplore.eu](mailto:info@wexplore.eu)

A virtual consultant (VIC) which provides training support, onboarding and process guidance to your people.

VIC interacts with each person through a chatbot providing country specific information, as well as practical tips to interact effectively with new colleagues. Additionally, it maps actual behaviours to enable sharing of successful practices within the organization.
